Abstract: The Department of Education (the Department) is requesting an extension of the current approval of the policies and procedures for determining satisfactory academic progress (SAP) as required in Section 484 of the Higher Education Act of 1965, as amended (HEA). A link to the Satisfactory Academic Progress regulations is provided at 34 CFR 668.34 and 34 CFR 600.55.

These regulations identify the policies and procedures to ensure that students are making satisfactory academic progress in their program at a pace and a level to receive or

continue to receive Title IV, HEA program funds. If there is lapse in progress, the policy must identify how the student will be notified and what steps are available to a student not making satisfactory academic progress toward the completion of their program, and under what conditions a student who is not making satisfactory academic progress may continue to receive Title IV, HEA program funds. There have been minor changes to the regulatory language since the last information collection update. The changes do not represent changes to the estimated burden established below.
